

PIONEER-360'S REMOTE PARTNER PROGRAM

LET US SHOW YOU WHAT AN MSP / MSSP
CAN DO FOR YUR IT.

AV & Patching

Nable is the most advanced RMM Platform available that gives a comprehensive view of your network, including Patching and 3rd Party Patching. In addition, we also use the number one anti-virus solution with behavioral analysis that protects your infrastructure 24/7.

Security and Compliance

Watchguard routing with full security suites allowing IDS/IPS/TDR at all locations. Fully managed, licensed and patched for optimal performance, security, and compliance. Award winning Perch SIEM developed for banking with 24/7/365 SOC eyes on your infrastructure.

Monthly Reporting

Every 30 days, you will receive monthly vulnerability scanning with remediation reporting. You will also receive monthly reporting of IDS/IPS/TDR, vulnerability, AV, Patching, and SIEM.

THE PROGRAM

Pioneer-360's Remote Partner Program gives you all of the Security and Compliance benefits of a Managed Service Security Provider. This unique program allows you the freedom to maintain your daily IT practices, while adding an additional layer of security to your network and meeting additional compliance regulations. With our Remote Partner Program, you will get our advanced Security Suite. From end point protection to patching and anti-virus, from vulnerability scanning to SIEM, our Security Suite is catered to the Financial Industry's needs. Pioneer-360 catches and prevents cyber-crime activity so that you can rest easy knowing your network and your data are safe in our hands.

WHY CHOOSE US

Pioneer-360 has been working with large-scale security-focused organizations for over 30 years, and a common theme we find is overwhelmed internal IT Staff. Let your staff get back to doing their daily jobs and let Pioneer-360 handle the grueling Security and Compliance efforts.
